

For Local Government

# Your Local Digital Signature Provider

With fast & easy to use digital signatures for your team and advanced features designed to safeguard your business, documents & signatures.

[securedsigning.com](https://securedsigning.com)

## Digitise your document processes

Getting enterprise documents such as internal HR contracts or external procurement orders executed often takes far longer than it should. For every form, agreement, approval or declaration, there usually needs to be a printed, signed and scanned version too.

Now, thanks to encryption technology from Secured Signing, you can get a legally binding digital signature on anything - making execution much faster, safer and easier.

- Common use cases:**
- Procurement
  - HR / Employees
  - Enforcements
  - Building Approvals
  - Contracts
  - Courts & Corrections
  - Property Leases
  - Legal Departments
  - Licencing & Planning

## Trusted by many businesses across NZ

## What our customers say...

We found that the savings we could make by going fully digital, just in the Democracy space, was enough to cover the cost of getting the product, Secured Signing, and paying the fees that we needed to.

**Jo Gifford**

Information Team Leader (Records & Land)  
Matamata-Piako District Council

Secured Signing allows the council to get documents signed online which typically was a process that might take weeks to complete. Secured Signing is an elegant solution to improve efficiency and go digital.

**Colin Baker**

Manager Business Systems & Technology  
Byron Shire Council.

# Secured Signing | Built for Local Government

Digital signatures make document signing faster, safer and easier.

**Fast and flexible for clients & staff**

Our platform is designed to be simple and fast to use - staff and clients love it. Getting documents signed securely is as easy as a few clicks, from **anywhere, any time, on any device.**

**Meet your compliance & security requirements**

The privacy and protection of your data is something we take very seriously - which is why our security and privacy program is based on and aligned with industry-standard frameworks. **We're ISO/IEC 27001 certified and the NZ AOG Marketplace**

**Locally-based with world-class support**

We offer the best **customer support** in the industry. If you have a problem or need assistance with anything you can call, or email us directly and get put in front of a real person.

**Streamline your processes with form builder and templates**

Our forms can be hosted on your website, allow 2-way data flow into our **integrations** and we've even pre-built a bunch of commonly-used forms.

**Reach your environmental sustainability goals**

Sustainability is now more important than ever before. By retaining all of your documentation in a digital format, you'll substantially **reduce your paper and printing use.** You'll also generate **significant cost savings.**

**Secured Signing integrates with your document management systems**
