SUMMARY

Hardworking professional experienced in field and ready for challenging assignments. Reliable in completing quality work and exceeding expectations.

WORK EXPERIENCE

Full Stack Developer | Counsel India

July 2023 - Present

- Built responsive websites compatible with mobile devices using media queries.
- Developed the connection between the admin panel and the website through the database, implementing complex functionalities and enabling various access points in the admin panel for direct website and app modifications. Built numerous APIs for these integrations
- Integrated WhatsApp, Email, SMS, CRM, and other services with the website by creating various APIs and functions.
- Managed databases using MySQL for Localhost, Sandbox, UAT, and Production environments.
- Worked on PHP Laravel for both frontend and backend, creating multiple controllers and routes.
- Used Git and Bitbucket for code pushing and pulling.
- Utilized XAMPP for SQL and Apache servers.
- Employed JIRA for task management.
- Collaborated with cross-functional teams to gather requirements and translate business needs into technical specifications.
- Gained some experience with React Native, AWS, MongoDB, and Firebase.
- Assisted the company with IT-related issues, including setting up Microsoft 365 with proper security and authentication.
