## OBJECTIVE

---

I'm a quick learner and learning enthusiast, always eager to learn new technologies.

## WORK EXPERIENCE

---

### Dovelp IT Services Ltd. — Laravel Developer

Nov 2023 - Present

- I used Laravel, a website creation tool, to build and enhance web pages, ensuring they are user-friendly and efficient.
- Kept improving my skills in Laravel and other related technologies to stay updated with the latest trends and best practices.
- Identified issues in existing websites and provided effective solutions to fix them.

### Dovelp IT Services Ltd — PHP Intern

May 2023- Oct 2023

- Worked with a team, helping each other improve our projects.
- PHP is a tool for making websites. I used it to create and improve web pages.
- Started learning Laravel, another tool for making websites and began using it in our projects.
